Definition of Local Area for Official Travel							18 JUL 1990

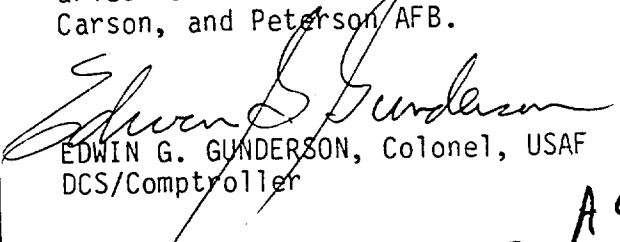

## SUMMARY

1. When two or more military installations are in close proximity of each other, the senior commander/senior service commander must determine the local area in which transportation expenses may be authorized or approved for conducting official business per AR 37-106, paragraph 7-1 and AFR 177-103, paragraph 4-35b. The local area previously used at the Peterson AFB Complex is being expanded at the suggestion of United States Air Force Academy and Fort Carson officials. The local area definition was coordinated on by the area military installations.

2. A proposed draft supplement to AR 37-106, Finance and Accounting for Installations Travel and Transportation Allowances, and AFR 177-103, Travel Transactions at Base Level is attached.

## RECOMMENDATION

3. USCINCSpace approve the supplement. The proposed supplement defines uniform boundaries for United States Air Force Academy, Cheyenne Mountain AFB, Falcon AFB, Fort Carson, and Peterson AFB.
